Professional Experience

Senior Software Engineer (Jan 2026 - Present)

Xamarin Developer (Jan 2022 - Dec 2025)

Associate Software Engineer (Jun 2017 - Dec 2021)

Project Portfolio

1. HealthxApp for Patients

Patient app for appointments, documents, video consultation and chat.

Technologies: Xamarin, C#, ASP.NET API, SQL Server, HL7, HIPAA

2. HealthxApp for Providers

Provider app for appointments, documents, video consultation and chat.

Technologies: Xamarin, C#, ASP.NET API, SQL Server, HL7, HIPAA

3. Clipboard

Patient appointment, consent, questionnaire and medical history management.

Technologies: Xamarin, .NET MAUI, C#, SQLite, SQL Server, .NET Core API

4. SMD Mobile

Hospital, clinic, patient, medicine inventory and appointment management.

Technologies: Xamarin, .NET MAUI, C#, SQLite, SQL Server, .NET Core API

5. LogicWash

Commercial car wash management solution.

Technologies: .NET MAUI, C#, SQLite

6. Digital Butler

AI-powered hotel and resort booking and guest management platform.

Technologies: Flutter, Dart, Supabase, Python, FastAPI, AI, Ollama

7. SmartLogix

AI-powered shipment registration and logistics tracking platform.

Technologies: Flutter, Dart, Supabase, Python, FastAPI, AI, Ollama

8. ReconVision

AI platform for crime detection, face detection, violence detection and analytics.

Technologies: Flutter, Dart, Supabase, Python, FastAPI, AI, Ollama

9. Pinglet

Real-time chat application.

Technologies: Flutter, Dart, Supabase

10. Finance App

Personal finance and expense tracking application.

Technologies: Flutter, Dart, Supabase
